- Microsoft Winter Webcast Series
- Existing Customer Offers
- Updated Licensing and Agreements
- Stay Current on Microsoft Dynamics GP

[Ei Dynamics](#) is a midmarket business intelligence monitoring and alerting solution. With Ei Dynamics software, businesses can completely automate their reporting, monitor and analyze their data, receive business alerts and quickly and easily setup workflow and business automation routines to reduce costs and save time. Stock templates are already created for Microsoft Dynamics GP along with the ability to integrate all systems and processes for a company. Automatic emails alert users to critical items according to your company requirements, with little setup and training.

To learn more about Ei Dynamics solutions, [click here](#) or [contact Borek](#) for more details.

## Microsoft Dynamics GP 2010 — The New Way to Do Business

Looking to upgrade to Microsoft Dynamics GP 2010? There has been significant value added to the latest release, GP 2010, and if you aren't on the most current version, you're not benefiting from the latest innovation available to your business.

This latest release makes it easier for people to make fast, informed decisions using business intelligence that's personalized to their roles and available through familiar Microsoft Office applications. New capabilities continue to streamline and automate business processes, simplify setup and maintenance, and let you tailor your solution to meet specific user and business needs.

Learn how GP 2010 compares against the past 3 releases [here](#). For more information, [contact us here](#).

*Check out our latest blog posts on the ERP Software Blog. It's the place where Microsoft Dynamics professionals provide thought-leadership, comparisons and reviews for those looking to learn more about ERP/accounting software. Feel free to [visit the blog](#) and [learn more!](#)*

## Attend Convergence 2011 – Register Now!

Registration for Convergence 2011 Atlanta is now under way — sign up so you can start planning your event activities early.

Attending Convergence can help you make the most of your solution for peak business performance. You'll come together with the Microsoft Dynamics community of customers, partners, industry leaders, and Microsoft experts to make connections and share valuable insights and knowledge. Interact with other users, see what they're doing, and learn what works for them. Also, get direct access to product developers and ask specific questions about the issues you confront each day.

Convergence runs April 10 – 13, 2011, at Georgia World Congress Center in downtown Atlanta. Sign up by February 21, 2011, for a registration discount, and make your travel plans now to get the best deals.
